

# Group Life.

WE ARE BETTER TOGETHER

---

## ICEBREAKER (10 MINUTES)

Share one high and one low moment from this past week.

Share a time when an older individual provided guidance and encouragement that significantly impacted you as a young person.

## INTRODUCTION (20 MINUTES)

At the Centerville Campus, we had the unique opportunity to hear from three young leaders, one during each service. Each pastor shared a different message during their respective service time. Take a moment and have each group member share which service they attended and provide a brief recap of the sermon. Then, share your biggest takeaway from the message.

## GROUP DISCUSSION (30 MINUTES)

Use the remaining group time and have each person share something they learned about God, something they learned about themselves, and how they can apply the message to their life.

## PRAYER (10 MINUTES)

*Dear Heavenly Father, we thank you for this day and the knowledge that you have created each of us with a divine purpose. Thank you for raising up young leaders to share the gospel to a world that desperately needs to hear a message of hope. Help us to be bold in sharing our faith with those around us and give us eyes to see people how you see them. Help us bring glory to you through our thoughts, words, and actions. In Jesus name, Amen!*
