 WHO: 18 - 29

Envision DR is based in the vibrant capital city of Santo Domingo—home to nearly four million people and rich with history as the oldest Western city in the Americas. Founded in 1496 by Bartholomew Columbus, Santo Domingo is a city of firsts—the first university, the first castle, and the first entry point for Christianity in the New World. Yet today, only about 11-12% of Dominicans have a saving faith in Jesus Christ.

PROJECT

Your time here will give you a true picture of what international ministry looks like—living among the people, learning the culture, and serving those around you. Together, we'll partner with the national church, equipping and empowering local believers to reach their own communities for Christ.

Greenhouse Cafe, is the hub of ministry of Envision DR to reach college student and area professionals. The coffee shop is conveniently located near businesses and a large university where 100,000 students attend.

This is not just a trip—it's an opportunity to join God's mission in a lasting way. Come and fall in love with God's people in the DR as you serve alongside pastors, families, and churches who are bringing hope and transformation to their nation.
